Boot Camp 3 0 Rapidshare

Boot Camp is a Mac OS X utility that lets you run Windows on your Mac without relying on virtual machines or crippled emulators.. This means that none of your Mac content is touched at all, and Boot Camp has no effect on the operation of Mac OS.. Boot Camp creates a Windows partition on your hard drive, along with the Mac OS partition.. Boot Camp supports Windows XP, Windows Vista and Windows 7 (with OS X 10 6 or later).
